

Preparedness Month Coloring Contest

Open to all children, age 0-18, of current VTNG service members. Include your name, age, and address as well as your parents name and unit. All returned entries will be displayed in the drill hall at Green Mountain Armory, Camp Johnson, during Preparedness Month. Entries received by September 10th will be eligible for a prize drawing of disaster preparedness items to include; go-bags, emergency radios, and other preparedness kit items. A complete list of items will be available in September.

Preparedness Month Coloring Contest Directions

1. Color one, or both, of the included pages. (Extreme Cold & Flood)
2. Send back to us by September 10th to be eligible for the prize drawing.
3. Send completed entry to:

Vermont National Guard
Camp Johnson
Attention Protection Programs-Emergency Management
789 National Guard RD
Colchester, VT 05446-9946

Or upload and email to: benjamin.wilson@vermont.gov

EXTREME COLD

Temperature tells you how hot or cold the air is. During winter, the air outside can get very cold.

I love the snow!

Me too! But before we go outside, we prepare by putting on warm clothes. We go inside when it starts to feel too cold.

Remember, tell an adult if you feel

COLD or numb while playing outside.

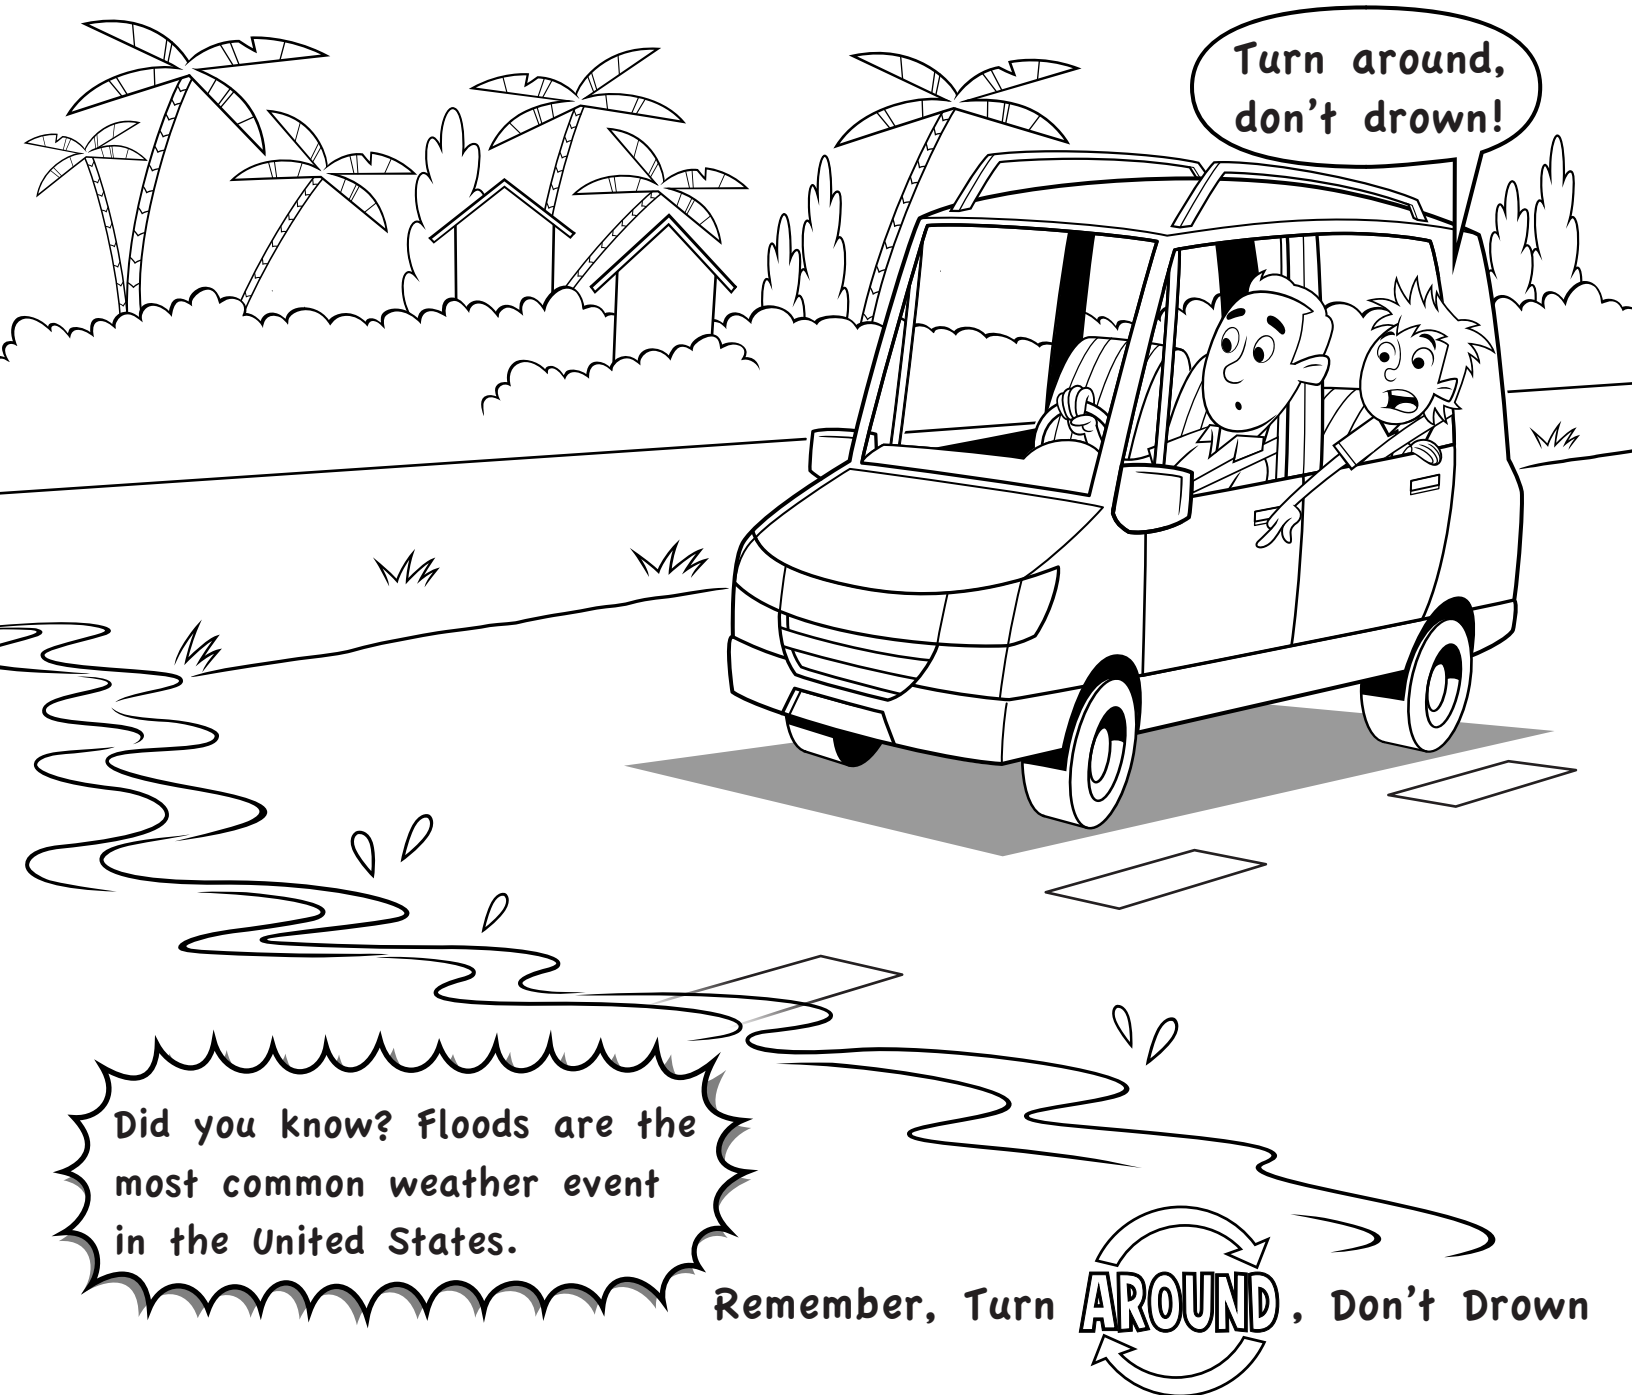

FLOOD

When a lot of rain comes or a river overflows, that can bring a flood. Floods that happen very quickly are called flash floods.

Playing in flood water is not safe and could make you sick.

Moving water can sweep you off your feet fast. If you see flood water, never walk through it. Tell adults not to drive through it.

Turn around,
don't drown!

Did you know? Floods are the most common weather event in the United States.

Remember, Turn **AROUND**, Don't Drown
